### **TRANSFER PROCEDURES**

- 4.1 DEFINITIONS:** A transfer is the movement of an employee to a different position classification as defined in Article VII, subject area or building. The assignment of a regularly funded K-6 employee to a position more than one grade level from the employee's current assignment will also be considered a transfer. A transfer will be considered to have occurred only after official notification of the position assignment has been given to the employee.

**4.1.1 Position Assignment:** An employee will only be assigned to a position for which the employee is qualified. An individual is qualified if he/she has proper certification.

**4.1.2 Position Vacancy:** A vacancy occurs when a position has not been assigned to anyone at the time when official notification of assignments for the coming year is given to all employees and/or when Board action creates an unassigned position that it deems to need filled.

**4.1.3 Summer School Vacancy:** A summer school vacancy does not exist until the Board determines if there will be summer school and if the employee who taught summer school the previous year does not want to teach during the upcoming summer school.

**4.1.4 Title I Summer School Vacancy:** Title I summer school positions will be offered to current Title I instructors. If current Title I staff do not fill all the available positions, the position(s) will be deemed vacant.

Such notice shall be posted for ten (10) days or until August 1<sup>st</sup>, whichever is the shorter period of time, to allow an employee who has not

**previously filed a written statement of desire to transfer to request a voluntary transfer to said vacancy. In the determination of requests for voluntary transfer the wishes of the individual employee shall be honored to the extent that the transfer does not conflict with the instructional requirement of the District. No such request shall be denied arbitrarily, capriciously, or without basis in fact. If more than one employee with proper certification applies for the same vacancy, the determination of which employee, if any, is granted the voluntary transfer shall be based on seniority with the most senior employee being granted the transfer. Seniority shall be district-wide and shall be computed from the date the Board approved the employee's contract. Employees who work less than full time shall receive prorated seniority. If two (2) or more employees have the same seniority date, the relative order of seniority, for the purpose of this Article shall be determined by drawing lots. In the event that an employee is employed in the District after having performed services in the District under a sharing agreement, that employee shall receive seniority based upon his/her first date of shared service in the District. The new vacancy created by the transfer will be filled by repeating the above procedure until no more transfers are requested or until August 1<sup>st</sup>. The vacancy left after completing all transfers or after August 1<sup>st</sup> will be filled at the Board's discretion.**

- 4.3 INVOLUNTARY TRANSFER: An involuntary transfer is a transfer of an employee that is initiated by an administrative or Board action. These procedures will apply only when the vacant position cannot be filled by Section 4.2 of this Article. If the positions cannot be filled voluntarily, then the least senior teacher within the grade level categories having instructional requirements, certification, and academic preparation will be transferred.**

**Notice of involuntary transfer shall be given in writing to the affected employee as soon as practical. Every attempt will be made to make this assignment by July 1<sup>st</sup>.**

**As involuntary transfer shall be made only after a meeting between the employee involved, an Association representative (if the employee desires), and the Superintendent, at which time the employee shall be given specific written reason(s) for the involuntary transfer.**

**When an involuntary transfer is necessary, an employee shall not be assigned to a position outside of his/her area of competence as determined by major/minor preparation and/or certification/approval of the Iowa Department of Education.**

**An employee being involuntarily transferred or reassigned shall be placed in a position which does not involve a reduction in rank or in total compensation.**

**An employee being involuntarily transferred shall have priority for any vacancy for which he/she is qualified.**

The evaluator will contact the staff member in writing making him/her aware of the problem. The evaluator and staff member will meet to collaboratively develop the means to resolve the problem and schedule the time frame in which to resolve the problem. The teacher may have a representative

**present at this and any meeting during the intensive assistance process. During this time the employee continues to work on the District Career Development Plan and their Professional Learning Plan. At the conclusion of the agreed upon timeframe of not less than one month or more than three months, the evaluator will review the progress and make one of the following recommendations:**

- Determines the problem is resolved and the staff member is removed from the awareness phase and continues to work on the District Career Development Plan and their Professional Learning Plan.**
- Determines the problem is not resolved and the staff member is notified in writing that he/she is being placed in the assistance phase.**

**Phase II is the assistance phase. If the decision is to place the employee in the assistance phase, the evaluator will send a letter to the employee formally notifying the employee of the decision. A copy will be forwarded to the Superintendent for placement in the personnel file. The staff member will be notified of their right to request assistance from their local association. A conference will be held between the evaluator and the staff member to develop an Assistance Plan that must include specific growth promoting goals that are measurable, action-oriented, realistic, and time-bound. In addition, the plan will include strategies to be applied in achieving the goals, intended timelines for the strategic actions, and specific criteria for evaluating the successful completion of the plan. A team of individuals who have the knowledge and skills to assist the identified teacher in improving his/her performance may be identified and asked to assist the teacher if the teacher agrees to this assistance. Membership on the Assistance Team will be voluntary. The district and teacher will mutually select the members of the team. Strict confidentiality will be maintained by members of the Assistance Team. Observations and comments made by peer members of the Assistance Team may be presented in writing but will not become part of the teacher's summative evaluation. Peers on the Assistance Team may not be required to provide testimony in any actions related to the teacher's continued employment but may do so voluntarily. A final summary will be completed by the evaluator at the end of the specified time frame. One of the following three recommendations will be made at the time of the summative evaluation:**

- Determine the problem is resolved and the staff member is removed from the Assistance Plan.**
- Determine that progress is being made and extend the timeframe not to exceed twelve months. Work will continue on the Assistance Plan.**

- **Determine the problem is not resolved and progress is not noted. Actions are then taken by the district to make recommendation for non-renewal of contract.**

**Intensive Assistance is not subject to the grievance procedure.**

**When the Board determines that staff reduction must take place, the procedures outlined in this article will be implemented.**

**7.1 DEFINITION: Reduction of staff means a decrease in the number of employees (teachers) in a particular program or in total employment of the District.**

Each special funding group will be a classification unto itself. If funding reductions occur and/or staff reduction is deemed necessary within a program, such reduction shall occur within the classification that had the funding reduction or where it was deemed necessary to reduce staff within a program and according to Section 7.3 of this Article.**

**7.2.2 Regularly Funded Program Employees: Employees whose programs are funded through regular funding sources including the Instructional Support Program.**

**7.3 PROCEDURE: Given the necessity to maintain the most competent and qualified staff available, the Board will use the following steps in determining which staff member(s) is/are to be reduced in the areas outlined in 7.2, 7.2.1, and 7.2.2.**

**7.3.1: First consideration shall be natural attrition, i.e. death, retirement, and resignation in the affected area(s).**

from the date the Board approves the employee's contract. Employees who work less than full time shall receive pro-rated seniority. If two (2) or more employees have the same seniority date, the relative order of seniority, for purposes of this Article shall be determined by the performance evaluations of the employees. The average rating for each individual indicator on the summative evaluation will be calculated for each teacher based on the summative evaluation(s) for the three year period that includes the current school term. The sum of the individual indicator ratings will be calculated for each teacher. The individual with the lowest total will be reduced first, the individual with the second lowest total will be reduced second, etc.

- 7.4 NOTIFICATION:** If the Board deems that staff reduction is necessary for the following year, written notice shall be given the teacher by certified mail or personal service by April 30<sup>th</sup> of the current school year together with a statement of honorable dismissal and the reason therefore.

A teacher's failure to respond affirmatively within ten (10) calendar days after receipt of the Board letter sent by certified mail to the teacher's address on file with the Board recalling such teacher shall result in termination of the teacher's right of recall hereunder.
- 7.6 SCHEDULE REPLACEMENT:** Upon recall, teachers who are reduced in accordance with this Article shall be entitled to advance on the salary schedule to the step above the one in effect at the time of their release plus experience gained in another school system.
